

Geodetic Leveling Class

Emmett County Fairground 4-H Building

2199 S Johns Ave, Emmett, ID 83617

May 5-7, 2020

The workshop consists of classroom instruction and hands-on field exercises showing how to plan, perform, and process bar-code leveling observations suitable for submission to the National Geodetic Survey. *Note:* The field procedures taught can be applied to all leveling to improve the precision of your leveling. This training meets ITD Term Agreement requirements.

When: Tuesday-Thursday, May 5-7, 2020

Time: 8:00 am - 5:00 pm each day

Instructor: Daniel Determan and Brian Ward, NOAA

Where: Gem County Fairgrounds 4-H Building

Cost: \$250 (includes lunch each day)

Training slots limited to 24 people (six 4 man crews). A certificate of completion will be issued.
