Survey Technician/ Field Survey Crew Chief

Sawtooth Land Surveying, LLC (SLS), a full-service land surveying company located in Coeur d’Alene, Idaho, and having offices in Emmett and Jerome, Idaho is seeking a qualified and experienced surveying technician or field survey crew chief to perform field surveying tasks consisting primarily of construction surveying, boundary surveying and topographical surveying.

The qualified candidate will be experienced and skilled in performing the aforementioned tasks as well as be proficient in the principles and use of GPS measurement technology, robotic total stations, data collection systems, and differential leveling equipment.

SLS offers an extremely competitive wage and benefit package, and has a great working environment. SLS was a top ten finalist in 2019’s “Best Places to Work in Idaho.”
