

Distinguished Service Award

Nomination for the year _____

Article III(d) of the Articles of Incorporation of the Idaho Society of Professional Land Surveyors states as one of the organization's purposes "to honor the leaders in the science of surveying".

Policy 3 provides for the selection of one of the members for an award for distinguished service to the land surveying profession.

- Nominations shall be submitted to the Board prior to the fall Board meeting.
- The ISPLS Board of Directors selects the recipient prior to the annual meeting.

Criteria: The recipient is expected to have a record of achievement and service to the profession including:

- Minimum of 10 years practice as a professional Land Surveyor with a high degree of competence and good reputation.
- Long term membership, participation, and service in ISPLS.
- Contributions to the profession, assistance to fellow professionals and to others interested in the profession.
- Record of performing surveys under challenging conditions.
- Some requirements may be waived for an individual's lifelong service, eminence or public acclaim for the profession.

Attach a biographical sketch mentioning achievements, any other awards and honors presented to the nominee and offices held.
